

Your preferred painting company

Our Company

Based in Johannesburg South Africa, Jett Coatings is a professional Painting and Maintenance Company which has been established since 2007. The team has continued over the years to provide the industry with paint application of the highest quality. Our years of experience are a solid indication of our market knowledge and technical understanding allowing us to deliver job specific solutions to our customers in and around Gauteng.

It has always been a major priority for our team at Jett Coatings to provide all our customers with an exceptionally positive experience from the time we deliver your guaranteed written quote until our contractors walk you through the finished job

Our products And service

Jett Coatings is your complete painting solution, Offering excellent products that guarantee to enhance, preserve and add value to your property. Our trustworthy team not only offers professional painting service, but also peace of mind that the project will be completed within time and budget constraints. Not only do we guarantee our services and products, but we offer our advice and expertise to ensure that our clients receive the very best service and recommendations before and after each project we undertake. Each project offers a unique set of challenges, be it structural or being asked to limit interference. We consider these concerns very seriously and by working alongside our clients, management or Corporate Bodies, offer the best solutions.

Our aim is to build long term trusting relationships with our clients.

Our Vision & Mission

We set high standards within every aspect of our company and we achieve those standards through the quality products and professional methods we adopt. Another reason for our excellent standard of workmanship are the people we employ -by encouraging every one of them to perform excellently, to be confident and proud of the task at hand and to have a positive attitude toward others.

We believe that our team is enriched by individual talent. This is the key to our competitive edge; towards driving the innovation and differentiation that will make us the number one painting group within Southern Africa.

We strive to maintain a flawless reputation of honesty and integrity.

Our Focus, Structure And Suppliers

Jett Coatings ensures the highest level of service. Our management system enables and empowers our dedicated and trained team leaders and our teams to carry out any painting job with our shared vision for excellence.

While our experience and management systems enable us to provide a total turn-key solution to all our painting projects, we specialize in large contracting work i.e.

- Commercial Centre's
- Retail and Department Stores
- Flats, Town House Complexes and Estates
- Residential Projects
- Industrial Buildings and Office Parks
- Internal and External
- Roof and Wall Coatings

Our close relationships with trusted suppliers, such as Plascon, Dulux and Panache etc. ensure that we meet the requirements of our client, architect or developers. The large range of products available at anytime guarantee minimal delays.
